

The Hawaiian Islands Humpback Whale National Marine Sanctuary received the following petition, initiated from the island of Kaua‘i, that was signed by 74 members of the public:

PETITION

We the undersigned residents of Kauai, Hawaii do hereby express our opposition to including the waters of Kauai as a National Marine Sanctuary. Your Management Plan Review as we see it will greatly impact our way of life of fishing in waters surrounding the island. Your Management Plan will stop fishing, crabbing, diving, throwing net, laying net and all ocean recreation.
